'Put it in Park' for the Month of May

PhillyCarShare is challenging Philadelphia residents and businesses to "put it in park" during the month of May to help reduce the region's carbon footprint and have a shot at Philly fame by taking part in "Walk Ride Share."

During the entire month of May, PhillyCarShare will spotlight select participants who will give up their car keys and rely on walking, biking, transit and PhillyCarShare to get around town.

To help them along, participants will receive a Mobility Package which will include PhillyCarShare driving credits, a SEPTA pass, a bicycle safety tune-up and a free pair of running shoes.

"Walk Ride Share" participants will be journaling their experiences weekly on the Walk Ride Share website ([www.walkrideshare.org](http://www.walkrideshare.org)) for all of Philadelphia to follow along.
